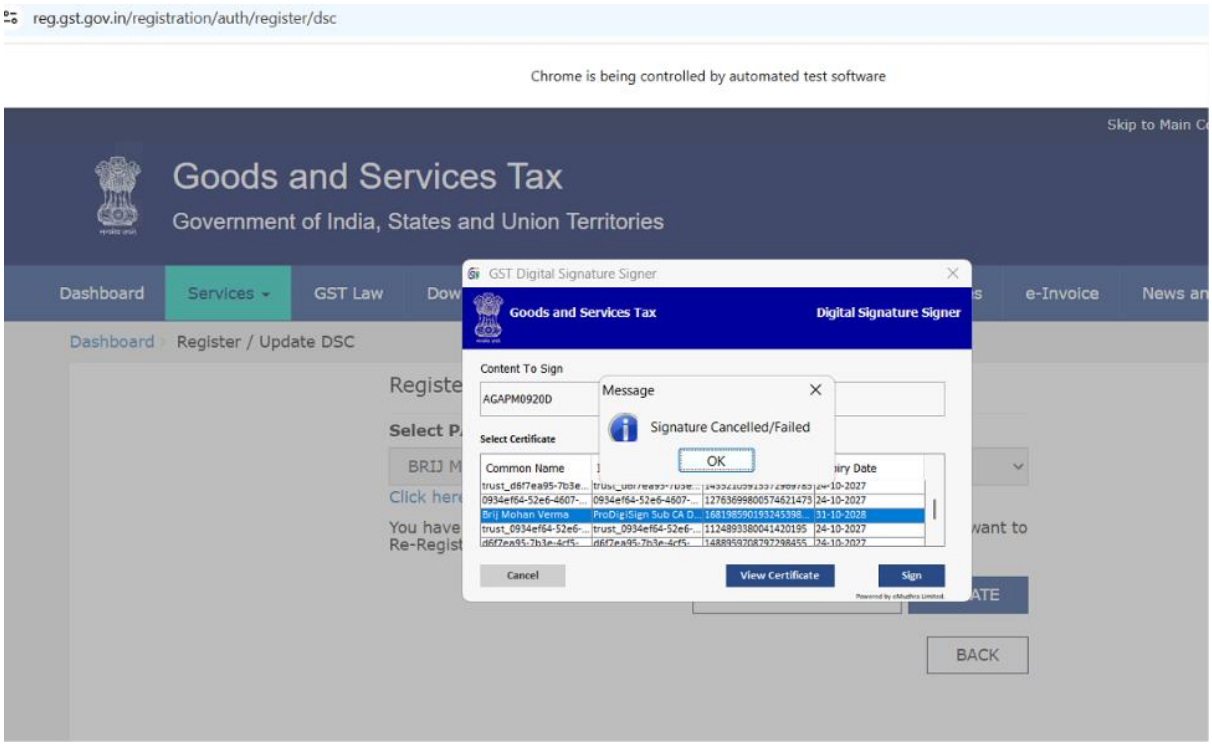
GST Error or solution for FIPS 140-3 token

1. If showing error like this



- Go to control panel and uninstall GSTSigner.
- Go to Local Disc(C) drive – delete GSTSigner folder if available after uninstall.
- Now download https://tutorial.gst.gov.in/installers/dscemSigner/GSTSigner-v3.3.msi V3.3 version.
- Now install this download V3.3 GSTSigner.
- Now go to Desktop and right click on GSTSigner -> now click on Run as administrator
- Now try your i hope your issue will be resolve.

2. If error showing like this – Failed to establish connection to the sever. Kindly restart the Emsigner

- Please end task all JavaTM launcher or GSTSigner
- **https://127.0.0.1:1585**
- Run this local host in chrome browser if showing Advance button the click on -> then click proceed to localhost.
- Now try your work if not resolved after that then re-start system and try again.

Thanks & Regards
